

System Requirements for Desire 2 Learn and Performance eValuator

Operating System

- Windows 10
- Windows 8.1
- Windows 7
- Windows Vista
- Windows XP is not recommended*

*Microsoft ended support of Windows XP in 2014, and will no longer provide security updates or support information.

Stenograph strongly recommends using a current Operating System due to security concerns and limited ability to troubleshoot XP related issues.

Computer Processor (CPU)

- Windows 10 / Windows 8.1 / Windows 7 / Windows Vista – A processor speed of 2GHz or higher. An Intel i3, i5, i7, or AMD equivalent is strongly recommended.

RAM (Memory)

- Windows 10 / Windows 8.1 / Windows 7 / Windows Vista – 2 GB of RAM or more.

Hard Drive

- 40 GB hard drive with at least 20 GB of free space. An 80 GB hard drive or larger is recommended.

Video Card

- A DirectX 9 compatible video card with a minimum of 256 MB Video RAM.

Display

- SVGA monitor capable with a 1024x768 or higher resolution.

Audio Card

- A Windows compatible sound card for audio playback.
- Computer speakers or headphones.

Ports

- A USB port for the writing machine to write realtime.
- A 9-pin Serial port to connect the writing machine to write realtime. If your computer does not have a 9-pin Serial port you will need a USB to Serial port compatible adapter. Depending on your writing machine, a 9-pin Serial port may be optional.

Web Browser

- Microsoft Internet Explorer or Mozilla Firefox.
- Microsoft Internet Explorer is required for Performance eValuator.
